

Suction Strainers

PI 1710 SERIES

- Stainless steel mesh suction strainer for hydraulic reservoirs
- Minimised pressure drop with standard 100 μ cleanable 'nominal' filtration and large filtration areas
- Rugged construction for long service
- BSPP porting for all models able to handle flows up to 480 l/min

part number	flow l/min	connection	OD	OAL	hex length	hex size	mass kg
PI 1710/1	10	G $\frac{1}{4}$	46	60	18	22	0.05
