YOUR SOURCE FOR REPLACEMENT HYDRAULIC PUMPS, MOTORS, POWER TAKE-OFFS AND CYLINDERS

ONE-STOP SHOP

Our Genuine Metaris product line are fit, form and function replacements for a long list of manufacturers hydraulic components like pumps, motors, cylinders and PTO's that are commonly found in today's work truck equipment. Our units crossover to many of the different components out there and deliver OEM level performance.

IMMEDIATE AVAILABILITY

Minimize downtime with short lead times and immediate availability. With our vast inventory and capabilities, we are sure to have the units and parts you need most, available in stock - ready for immediate delivery from any of our multiple locations across the U.S. - shipping worldwide.

TRUSTED WORLDWIDE

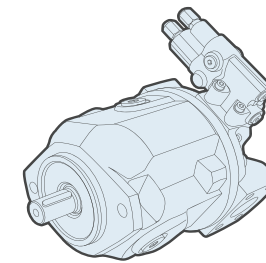

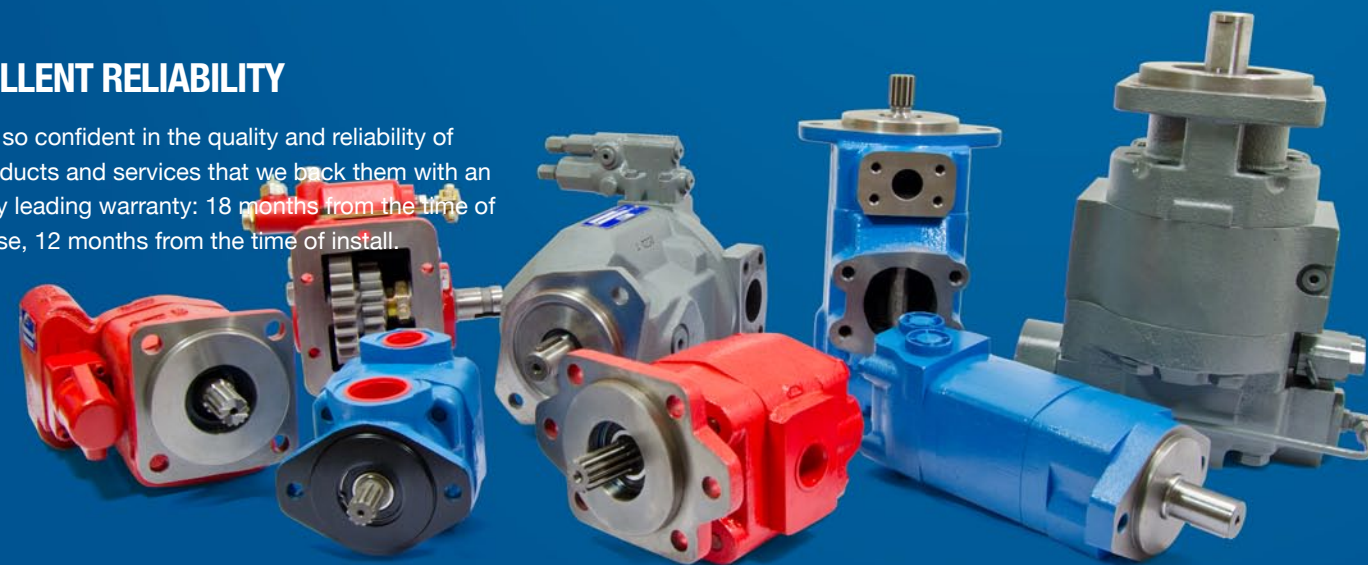

Genuine Metaris components have been sold worldwide for over 15 years. We ship our components to customers across the world everyday for a variety of different applications. Demonstrating a long history of reliability and trust among our products and our relationships with our customers.

EXCELLENT RELIABILITY

We are so confident in the quality and reliability of our products and services that we back them with an industry leading warranty: 18 months from the time of purchase, 12 months from the time of install.

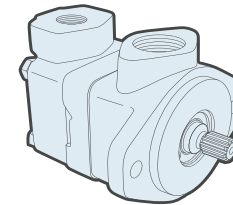

Products that work as hard as you do and keep you up and running.

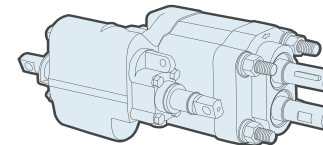

PISTON PUMPS & MOTORS

We carry a wide variety of reman & Genuine Metaris piston pumps and motors from a variety of manufacturers including Rexroth®, Vickers®, Sundstrand®, Linde®, Eaton®, Denison®, Oilgear®, to name a few. Both our reman and aftermarket units are built with parts that meet or exceed OEM spec and are fully tested before they leave our facilities.

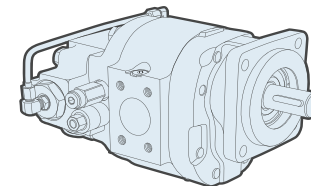

VANE PUMPS & MOTORS

In addition to piston pumps, we stock V, VQ, VTM, V10, V20 and T6, T7 & M4 series vane pumps and motors in both remanufactured and Genuine Metaris new options. This includes single pumps, double pumps and triple pumps. Manufacturers include Vickers® and Denison®.

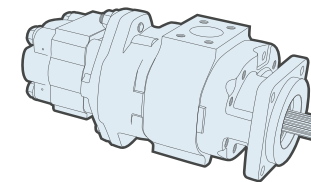

DUMP PUMPS

Our Genuine Metaris dump pumps are available in both 101 remote mount and 102 direct mount configurations and C or G frames. They are available in multiple displacements and offer "Air Shift" capabilities. We also have a dual pressure dump pump option complete with high pressure (3000 psi) for Walking Floor® applications and low pressure (2000 psi) for dump applications.

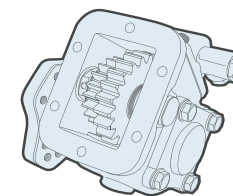

UNLOADER & DRY VALVE PUMPS

Our Genuine Metaris MHUP series unloader pump is ideally suited for the refuse market and can be retrofitted on existing packers without major system changes and comes equipped with an integral 12 VDC solenoid. Our MDV dry valve pump is a practical solution for those applications where you stop the vehicle and shift to engage the PTO – it can also reduce fuel costs and operator fatigue.

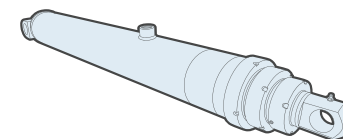

GEAR PUMPS & ORBITAL MOTORS

Genuine Metaris bearing and bushing pumps & motors are available in 14 models with a variety of mounting flanges, shaft configurations & porting options. Multi-section units, piggyback designs, dowelled assemblies & flow dividers are all available. Our wide body gear pump is well suited for: utility line trucks, refuse equipment, snow/ice control, and other heavy-duty equipment.

PTO'S, ACCESSORIES & TANKS

Our PTOs come in 6 and 8 bolt configurations in both standard and heavy duty setups. With several mounting flange and shifter options, our PTOs offer versatility and ease of installation. Our PTOs are functional replacements for Muncie®, Chelsea® and Bezares®. We also stock a variety of tank options, shifters, controllers, towers and feathering valves.

TELESCOPIC CYLINDERS

We stock Genuine Metaris telescopic cylinders and are an Authorized Distributor for Hyco brand telescopic cylinders. Our inventory consists of 3, 4 & 5 stage telescopic cylinders and we regularly repair cylinders found on many different types of work truck applications, like telescopic, dump, side-dump, steering, crane, lift, etc.
