YOUR SOURCE FOR REPLACEMENT HYDRAULIC PUMPS, MOTORS, VALVES, CYLINDERS, PARTS & REPAIRS

ONE-STOP SHOP

We stock and support a long list of manufacturers hydraulic components like pumps, motors, valves and cylinders, that are commonly found in today's crane equipment. This support includes reman units and aftermarket units that deliver OEM level performance, high quality replacement parts and first-class repair services.

IMMEDIATE AVAILABILITY

Due to our vast inventory and capabilities, we are sure to have the units and parts you need most, available in stock - ready for immediate delivery from any of our multiple locations across the U.S. and Canada - shipping worldwide.

FIRST-CLASS REPAIRS

We have the experience and expertise necessary for repairing and remanufacturing hydraulic pumps, motors, control valves, servo/prop valves, gearboxes & cylinders for hydraulic truck cranes, all terrain cranes, rough terrain cranes, crawler cranes, carry deck cranes and other mobile equipment.

EXCELLENT RELIABILITY

All units, remanufactured and repaired, are tested before leaving any of our facilities. This ensures your unit is set to OEM specifications and will deliver OEM level performance. We are so confident in the quality and reliability of our products and services that we back them with an industry leading warranty: 18 months from the time of purchase, 12 months from the time of install.

HYDRAULIC TRUCK. ALL TERRAIN. ROUGH TERRAIN. CRAWLER. CARRY DECK. WE'VE GOT YOU COVERED.

Piston Pumps & Motors

We carry a wide variety of reman & aftermarket piston pumps and motors from a variety of manufacturers including Rexroth®, Kawasaki®, Sundstrand®, Linde®, Eaton®, Vickers®, Denison®, to name a few. Both our reman and aftermarket units are built with parts that meet or exceed OEM spec and are fully tested before they leave our facilities.

Vane Pumps & Motors

Our inventory of reman vane pumps and motors includes Vickers® and Denison® brand components, as well as our own aftermarket line of vane pumps that interchange with Vickers and Denison. In need of replacement cartridge kits? We've got you covered there too with our large inventory of replacement parts.

Gear Pumps & Motors

Our aftermarket line of gear pumps and motors are available in 14 models with a variety of mounting flanges, shaft configurations & porting options. Multi-section units, piggyback designs, dowelled assemblies and flow dividers are all available. These pumps are versatile and interchange with many OEM gear pump units in the market today.

Control Valves

Control valves are an integral part of any hydraulic system. And consequently, can be tricky to replace and repair. Not to mention, valve replacement can be very costly with leadtimes unsatisfactory. At Hydralex Global, we have a team that specializes in control valve repair and remanufacturing. We can repair and reman valves back to OEM spec and performance.

Servo & Proportional Valves

When it comes to servo and proportional valves, we're your go-to source for replacement units and expert repairs from factory authorized and trained technicians. Our reman and aftermarket valve units are engineered to deliver OEM level performance and include manufacturers like Moog®, Bosch®/Rexroth®, Schenck Pegasus®, Vickers® and more.

Cylinders

We regularly repair and reman cylinders found on many different types of cranes. Cylinders like boom extension cylinders, boom lift cylinders, outrigger cylinders, outrigger extension cylinders and steering cylinders. In addition, we're also an approved EnCORE Supplier Partner for Manitowoc's Hydraulic Cylinder Repair & Return program.
